

Dear Parents,

Operation G.E.O. (Geography Education Organization) will be providing international pen pals to the CTMS students. Please help us reach our goal of signing up one hundred students. This will improve your child's geography knowledge. It will require your child's email address. For this reason we will need your approval. The website that we will use allows students to choose a pen pal from the country of their choice. A specific number of students are listed for each country, for this reason your child would need a second choice country.

Reasons to have your child enter in this program:

- Improves your child's geography knowledge**
- Makes your child aware that there are other people in the world**
- Practice your child's communication over the summer**

Directions to have your child in this program

- 1. Put your email address or your child's**
- 2. Write a country you wish to contact**
- 3. Sign the permission slip**
- 4. Have your child to bring it to their lunch period**

For other questions or information contact Mrs. Wied at terie.wied@gcisd.net

The website we will be using is www.studentsoftheworld.info
